INFO SHEET - SUBSIDY

Important information for applicants for semester ticket subsidies at the BHT Berlin

The contents of this information sheet do not constitute an exhaustive compilation. However, it has been compiled on the basis of the experience of the Semesterticket Office to date. Decisions on applications are not based on the information in this information sheet, but on the regulations of the Social Fund Statutes of the student body of the BHT Berlin.

General information on the proofs

As a general rule, all documents submitted as proof (certificates, contracts, etc.) must be credible for the persons responsible at the Semesterticket Office.

All documents submitted must be valid, complete and legible. If the documents submitted as evidence are not credible for the persons processing them at the Semester Ticket Office, they may require the originals or other documents to be presented.

If the applicant is proven to have falsified submitted documents or documents or to have stated untrue facts, the student body will generally report the person concerned for fraud. Should the applicant be convicted of fraud, this may result in exmatriculation from the BHT Berlin.

Handling / Calculation

At least the last three months are taken into account. In principle, **three things must be fulfilled** for the application to be approved:

1. one of the special hardships mentioned in § 2 (3) of the Social Fund Statutes must be demonstrably fulfilled
2. The applicant's income, calculated in accordance with § 2 (5) of the Statutes of the Social Fund, must be less than the need calculated for the applicant in accordance with § 2 (4) of the Statutes of the Social Fund
3. The applicant may not have **excessive financial assets** (debts are taken into account)

→ 2. individual total need = income - need

The relevant income limit is the difference between the income taken into account and the calculated need. The income must be below this need in order for a subsidy to be granted.

Only the income that the student earns for himself/herself is taken into account. This means that the income of children of the applicant is not taken into account. **Nevertheless, all monies or assets received by the applicant must be declared.**

→ 3. Assets / Debts

The applicant **must not have excessive financial assets**. The assets include, for example, cash or finances in accounts/deposits, vehicles (cars or motorcycles), real estate, shares. At the moment there is a minimum limit of 4.100 €. Assets that exceed this limit must be used to purchase the semester ticket. For vehicles, the current value is determined and credited as assets.

Debts can be taken into account - for this purpose a corresponding proof of regular instalment payments must be provided. In addition, the corresponding invoice(s) must be submitted so that the Semester Ticket Office can see that no luxury goods were financed by it.

Example calculation

Applicant, single parent, 1 child (age 5), 650 € monthly income, Rent 600 €

Basic monthly needs (fixed)	475 €
Housing costs: Applicant (Rent)	max. 354 €
Housing costs: Child (Rent)	max. 246 €
Health insurance e.g.	77,90 €
Additional budget aid (1 child)	285 €
Additional funding for single parents	171 €
Total need:	1608,90 €

Income: 650 €
Total need: 1.608,90 €
Since the total needs are higher than the income, the grant is awarded.

Applicant, no child, 830 € monthly income, Rent 290 €

Basic monthly need (fixed)	475 €
Housing costs: Applicant (Rent)	290 €
Health insurance e.g.	77,90 €
Total need:	842,90 €

Income: 830 €
Total need: 842,90 €
Since the total needs are higher than the income, the grant is awarded. From an income of 843 €, the application will be rejected.

For a non-binding calculation of your individual requirement you can come by our office. We'll be glad to help you.
